

Special Olympics *Virginia*

Be a part of something special

SEEKING VOLUNTEER GOLFERS

Area 11 of the Special Olympics Virginia serves the City of Fredericksburg, Spotsylvania, Stafford, King George and Caroline Counties. We provide sports training and athletic competition for all children and adults with intellectual disabilities. Our programs give the athletes continuing opportunities to develop physical fitness, demonstrate courage and build friendships while introducing them into the larger society under conditions through which they are accepted, respected and given the chance to become useful and productive citizens.

The Area 11 golf season starts July 21st and runs through mid October. This exciting program has enrolled 30 athletes that could benefit from your help on the golf course no matter whether you are a novice or an expert. Practices will be held at various golf courses in the area on Mondays and Thursdays from 5:30 - 7:00. **All student volunteers will be credited with community service hours!** If you are seeking a rewarding experience are interested in giving some of your time to help teach golf, or with any other Area 11 sports program, please don't hesitate contact us today!
